With CONAIRPRO™ PET, a world leader in personal haircare appliances offers pet owners a complete line of prep, grooming and finishing tools, including home clipper kits, trimmers, grooming tools and pet accessories for end-to-end grooming solutions.

There are many reasons grooming your pet regularly is important. You know that change of seasons dictates shorter cuts in summer and longer cuts with more frequent brushing in winter. But seasonal changes also bring fleas and ticks, so proper grooming is vital to control these pests.

Why is it important to groom your dog? Grooming is vital to prevent your dog’s coat from getting matted, as well as for removing loose hair, dirt and dander. Brushing and trimming also stimulate the natural oils in the skin and fur, which help make for a glossy, healthy-looking coat.

Do things that make you stand out from everyone else. Often it is the finishing touches you put on the pets you groom that keep you head and shoulders above the rest.

SHEDDING TOOLS: Safely remove excess and shedding hair

PGFFG
CONAIRPRO™ PET Grooming Glove
Keep your dog’s or cat’s coat shiny and healthy looking with frequent grooming. Use the CONAIRPRO™ PET Grooming Glove to brush and massage your pet while bathing or on dry fur. The textured side is designed to massage your pet and to remove loose hair and undercoat.
Always brush your pet’s hair in the same direction as the fur’s grain. It’s best to start at the head of your pet and work down its coat all the way to the tail. Use smooth, even strokes with light pressure for best results.

Grooming Essentials for Pets

Grooming, whether bathing or just brushing, is healthy for your pet for many reasons. It also helps strengthen the human-animal bond while allowing you to keep a close eye on your pet’s physical condition to prevent small problems from turning into larger ones. This is true whether you do all the grooming yourself or take your pet to a professional groomer to keep your pet clean and healthy-looking.
CONAIRPRO™ PET Grooming Tools

Achieving a professionally groomed look is easy when you have the right tools. Featuring our Memory Gel Grip handles, CONAIRPRO™ PET Grooming Tools provide a non-slip, soft grip that conforms to the shape of your hand, giving you better control and less hand fatigue.

CONAIRPRO™ PET Nail Care Essentials
Nail trimming is an essential part to the grooming process and keeps your furry friend looking healthy. When it comes to choosing a CONAIRPRO™ PET nail care tool for a regular trimming, it all comes down to the preference and comfort of you and your pet.

NAIL CLIPPERS:
These nail clippers feature a built-in safety guard and non-slip grip for added safety while grooming. With two sizes available, the nail clipper allows for an inexpensive, quick clipping of the nails on breeds of all sizes.

NAIL GRINDERS:
As an alternative to nail clippers, these nail grinder selections gradually file down the nails. Designed with safety and comfort in mind, they feature safety guard covers to prevent any hair from getting caught in the rotating head. The quiet motors help to keep your pet at ease during the trimming experience.
